- great for commercial pools
- easy to use

REMOVAL

## SIZES

8 oz.

1 lb.

50 lb.

### **JACK'S MAGIC AFTER SHOCK™**

NOTE: Overdosing will make establishing a chlorine residual difficult following treatment. It is best to use smaller amounts with repeated additions.

ADD 2 ozs. (1/4 container) per 15,000 gallons to lower chlorine residual one ppm.

ADD through skimmer directly from container.

EXAMPLE - 8ozs. = 4ppm Cl<sub>2</sub> removal in 15,000 gallons.

**CAUTIONS: (Never mix chemicals)**

**CONTACT WITH SKIN - Wash with soap and water.**

**SWALLOWED - Drink water, induce vomiting, call a physician.**

**EYES - Rinse well with water.**
