Special Fire Fighting Procedures

Eliminate ignition source. Wear self-contained breathing apparatus and complete personal protective equipment. Use water spray to cool fire, exposed structures and tanks, and to disperse vapor cloud if fire is not present.

Unusual Fire and Explosion Hazards

Although this material does not meet the parameters for flammability, it will burn in the presence of a strong ignition source after the water is removed.

Hygienic Work Practices Po not got in cycle on alking a conclusion. Avaid by cathing years and mist. Handle with due care	Do not get in eyes, on skin, or on clothing. Avoid breathing vapor and mist. Handle with due care.	

SECTION 8 – PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to be taken of material is spilled or released

Floor will become slippery. Use care. Wear splash-proof eye protection and impervious clothing. Contain spill with inert material (sand, earth, etc.) and transfer to separate containers for disposal.

Water Disposal Methods

Dispose of in accordance with all applicable local, state and federal regulations. Empty contains retain vapor or product residue and can be dangerous.

Precautions to be taken in handling and storage

Avoid contact with skin and eyes. Avoid contact with strong oxidizers. Keep out of reach of children.
