Please note, it is the home owner's responsibility to raise the water level half way up the tile prior to opening. A \$75 charge will be assessed if a return visit is necessary due to low water level. Priming of pool pump & cleaner booster pump included. *Additional water feature pumps, jet pumps, \$49 per pump to summerize. All necessary repairs are billed at \$51 per quarter hour plus parts.

Includes: Shock, Algicide, Stain & Scale, and Pool Magic. This kit provides initial dose of maintenance chemicals, however it does not balance water. In most cases additional shock treatment and balancing chemicals are needed. We suggest you balance your water 48 hrs after opening if you are not ordering a Spring Cleanup service. Bring a sample in store for computerized testing and recommendations.

SPRING SERVICES

Please allow up to 2 weeks after opening for completion of cleaning when planning a special event with your pool

SPRING CLEANUP \$199 FOR 1ST HOUR (MIN. CHARGE) \$45/ QUARTER HOUR THEREAFTER

Vacuuming will be performed after proper circulation of chemicals has occurred and **will not be done on the same day as opening**. Complete swimming pool cleanup includes vacuuming, water balancing, and adjusting salt levels if necessary. Backwashing and recharging of filter with DE, included. Balancing chemicals and salt will be billed separately. Total additional cleanup time is billed at a rate of \$45 per quarter hour based on total time spent, not individual visits. If you have a pool cleaner it will be installed upon completion of the cleanup process. Additional cleanup time beyond the initial hour may be required over multiple visits before you can enjoy the use of your pool. Proper water chemistry is only attainable after continued cleaning, chemical sanitizing, and filtration. It is the customer's responsibility to contact our office to inquire about an up-to-date cost of the cleanup and/or to stop the cleanup service. We will continue to return until cleanup is complete unless directed otherwise. Please be advised that the total cleanup cost could be several hundred dollars and can vary from year-to-year due to water and weather conditions upon opening.

DRAIN AND CLEAN (APRIL ONLY) QUOTE REQUIRED

Recommended for pools that face an unfixable amount of algae growth, especially if the pool has been closed for an extended period of time or is prone to algae blooms. Pools that have excessively stained plaster may need an additional acid wash. Service does not include a water fill up upon completion. D&C's available only in April.
